# SW<sub>12</sub> Staticide® Anti-Static Wipes

**One-step solution for cleaning and static control.**

Staticide® wipes are the ideal anti-static applicator for keeping electronics and equipment clean and static-free. Staticide® wipes have the same long-lasting protection against static as our Staticide® topical liquids, but offer a one-step cleaning and static control solution.

Unlike some anti-stats, Staticide® topicals and wipes are not dependent on humidity to be effective. Staticide® will meet MIL-B-81705 for static decay even in dry conditions and low humidity. Staticide® is safe to use around electronics and since Staticide® will prevent dust buildup and dust attraction, computer and laptop screens will keep clean longer just by wiping the plastic housing (avoid wiping directly on screen). Staticide® wipes can also be used on industrial machinery and parts, and they are great to use in tight spaces.

Staticide® Anti-Static Wipes: The protection of Staticide® in the convenience of a wipe.

## Instructions:

Tear open a 2" foil packet, unfold the Staticide® wipe, and polish surface for maximum cleaning and static control. If streaking occurs, allow towellette to partially dry and re-wipe surface. Avoid using on computer screens.

**Product #SW12** 24 individually wipes per box; 12 per case

**Product #2450** 450 individually wrapped wipes per case (no retail packaging)

*Note: In the state of California, Staticide® wipes are for industrial purposes only*

Material Safety Data Sheets are available at [www.aclstaticide.com](http://www.aclstaticide.com).

- ✦ Available in bulk packaging for less waste
- ✦ Ideal for use on hard surfaces such as plastic
- ✦ Long-lasting
- ✦ Low VOC
- ✦ Non-toxic & biodegradable
- ✦ Prevents dust attraction
- ✦ Safe for all electronic equipment
- ✦ Size: 5" x 8"
