| NO. | MASSE / DIMENSION |
|-----|-------------------|
| A   | 46.7              |
| B   | 20.6              |
| C   | 4                 |
| D   | 33.8              |
| E   | 41.4              |
| F   | 39.7              |
| G   | 50.8              |
| H   | 3.7               |

| NO. | BESCHREIBUNG / DESCRIPTION              |
|-----|-----------------------------------------|
| 2   | ISOLIERKÖRPER BUCHSE / INSULATOR SOCKET |
| 6   | KONTAKTBUCHSE / CONTACT SOCKET          |
| 8   | DOSENGEHÄUSE / SHELL                    |

|                                                                                         |
|-----------------------------------------------------------------------------------------|
| Note: Due to an automatic nomenclature system, numbers generated may not be sequential. |
| Specification and Dimensions subject to change                                          |
| Drawings illustrate normal insulator positioning                                        |
| Material Specification:                                                                 |
| Shell Material: Aluminium alloy                                                         |
| Shell Plating: Olive drab chromate over cadmium (conductive)                            |
| Insulator Material: CR-Elastomere                                                       |
| Contact Material: Copper alloy                                                          |
| Contact Plating: Hard silver                                                            |

|                                                                                                                                                                                                   |                                                                                                      |
