| Note: Due to an automatic nomenclature system, numbers generated may not be sequential.            |
| Specification and Dimensions subject to change<br>Drawings illustrate normal insulator positioning |
| Material Specification:                                                                            |
| Shell Material: Aluminium alloy                                                                    |
| Shell Plating: Olive drab chromate over cadmium (conductive)                                       |
| Insulator Material: CR-Elastomere                                                                  |
| Contact Material: Copper alloy                                                                     |
| Contact Plating: Hard silver                                                                       |

|                                                                                                                                                                            |                                                                                                                                 |
