## Data Sheet Identification

### Advance Information

The product is in a formative or developmental stage. The data sheet contains design target specifications for product development. Specifications and features may change in any manner without notice.

### Preliminary Specification

The data sheet contains preliminary data. Additional data may be needed at a later date. Peregrine reserves the right to change specifications at any time without notice in order to supply the best possible product.

### Product Specification

The data sheet contains final data. In the event Peregrine decides to change the specifications, Peregrine will notify customers of the intended changes by issuing a DCN (Document Change Notice).
