# Evaluation Kit Engineer 2.0

Please read the enclosed manual carefully before using this product

## First steps / Getting started

- Commission the wireless switch, as described in the manual.
- Register your evaluation kit at [www.cherryswitches.com/energy-harvesting](http://www.cherryswitches.com/energy-harvesting).
- Download the Evaluation Kit 2.0 files from there onto your computer.
- Install the driver.
- Follow the instructions in the installation wizard.
- Connect the receiver to the computer using the USB cable provided.
- A virtual COM port is created in the system.
- Start the radio monitor software („Cherry\_EHS-RF\_Software/RadioMonitor.exe“).
- If start fails, install in addition FrameworkdotNet4.0 (or later version).
- Select the installed COM port.
- Actuate the commissioned wireless switch. The NEXT button is activated.
- Click NEXT and actuate the wireless switch again, the main window is displayed.

Your Energy Harvesting Kit Registration Number is:

**Kp815vS265**

Register your evaluation kit by visiting:

[www.cherryswitches.com/energyharvesting](http://www.cherryswitches.com/energyharvesting) to receive access to supporting data, literature and future software updates.
